Missionary Report – Ana Chacon

May the peace of God fill your hearts.

I want to thank the Lord for his love and watch care upon all those whom we serve and for each church who with their monthly love offerings support our ministry. To God be the glory, and may his blessings be upon you all.

In this month of August I traveled to Costa Rica with the motive of visiting my mother who was ill. Please pray for her. She is in dire need of a pacemaker, which is valued at \$14,000. And since we certainly don't have that kind of money, we had to go to Social Security and put her on a waiting list.

Meanwhile, God gave me the opportunity to go with the Abundant Life and Cornerstone Church to witness the Romeria, a Catholic celebration each year in memory of the Virgen of Los Angeles. While there, we gave out the gospel which led to several professions of faith in Christ. We passed out 4,000 tracts and 3200 bottles of water. Many people were able to hear the gospel, and we could truthfully identify with the words "When he saw the multitudes, he was moved with compassion," while we looked upon the multitude of people walking for many hours in order to follow their tradition and fulfill their rites.

The Lord also gave me the opportunity to instruct the lady Sunday School teachers at the Abundant Life Church. I also thank God for the privilege of serving in a program on Face Book. The program is aired every Tuesday and is called Women of Faith. On occasion I am able to teach special lessons and also participate in a prayer group.

I need your prayers for the following:

- **My health**
- **A family situation**
- **My mother's health**
- **My monthly support**
- **God's will and my spiritual strength**

May the Lord bless you and fill you with the knowledge of Him.

Your Servant,

**Ana Chacon
