

NOVEMBER 2024 PRAYER LETTER

Spiritual Growth

Here in Moldova, it often takes years of planting seeds, building relationships, and just being in the community for people to finally be open and begin trusting you. We have lived in the same neighborhood now for 17 years and although our neighbors were always cordial, we found that it took almost 10 years before they began to share their lives with us. Over the past couple of summers a few of our neighborhood children came to VBS, but this summer, we had over 10 of the neighborhood children attend. When we started our regular youth meetings in the fall, a few of the older boys from VBS, also started to come with us to youth group. Most of these young boys do not have a father figure either at home or even in their lives at all, so it has been a great opportunity for Daniel to pour into their lives. Each week, they faithfully come out and have even begun to invite more and more of their friends to come with them. Please pray for Daniel to have wisdom as he teaches them about their need for a personal relationship with Christ and that their hearts and lives will be changed through God's word. We realize though, that if the parents in our neighborhood did not trust us, most of these boys would probably not be allowed to attend the youth group. Please pray that we would continue to be a faithful example of Christ here in Hincesti and that many, especially in our neighborhood, would come to know Christ as their personal Savior.
