Dear Brethren,

Here is a translated note sent in by Missionary Bismark Martinez. Instead of me writing the explanation of his situation, I've decided to send Bro. Bismark's own message

---

*Good afternoon, my beloved brother. I would like you to please share our needs. Children's attendance is growing. These children's parents don't come to church, so it's necessary to keep the van in good condition. The cylinder head of the motor was damaged, and we need \$3,500. It's urgent to maintain communication with the children. Please help us so the children don't stop attending. May God bless all who support the needs for missionaries. Blessings.....*

---

If any of Bro. Bismark's supporting churches or friends would like to help him with this need, please let me know.

Thanks for your prayers and concern for our good friend and brother Bismark Martinez serving the Lord in Costa Rica.
