

Cody update

Mac

Fri, Jun 27, 9:52 PM (22
hours ago)

Cody came through the operation fine. The doctor waited till the day was almost over. It should have been the first thing in the morning but ended up being the last thing. Cody has been out of surgery for an hour, and he is very weak and in pain. Because he is going home the doctor will give him Tylenol.

Thank you for your prayers and continued prayers.

Looking up,
Allen
