

## MAY-JUNE

Mother's Day celebration. We had nine visiting mothers that morning. In total, about 40 mothers attended.

For *Teacher's Day* (May 15) we recognized and thanked all our teachers, and we are very grateful for their faithful service to the Lord and His work.

In May, I began a Bible study with a family to help them with their daughter. Please continue to pray for that family as they seek to put God's Word into practice.

Also, a lady from a nearby town began attending. Her attendance is a result of our outreach ministry. Please pray for her and us as we will have Bible studies together. She professes to know Christ but has a lot of questions.

It was a real blessing to see and fellowship with everyone at the Regional MGMI Retreat held in *Hermosillo, Sonora*, the last week of May.

# HORNOR FAMILY

For Father's Day we had three visiting fathers attend. We also enjoyed a breakfast and devotional together during the SS hour. Please continue to pray for the men at church that they grow in the grace and knowledge of their Lord Jesus Christ.

Also, in June I began to meet in our home with a family from church in regard to their finances. Please pray for those meetings/sessions. We continue to meet every Wednesday at 7 p.m.

Please keep in prayer our outreach ministry. We continue to visit and knock on doors in the surrounding towns.

Also, please pray for two new families that began attending in June. One family comes from another church and professes to know Christ. May the Lord give us grace and wisdom as we minister to them. The other family is saved, and they just moved to *Guamúchil* and want to be involved in a Baptist church.

## JULY

We had the joy of ordaining a faithful man as a deacon. Please pray for him and his family as they continue to grow and serve the Lord. Also, pray for the church's leaders: two pastors and four deacons.

The following Tuesday, July 8, we started VBS. In total, we had about 70 kids attend. The first day 50 kids came! We are so thankful to the Lord for the new auditorium and more room. The last day three mothers and one father attended the last day where they heard

all about what their kids learned that week.

About 45 kids came the last day!

We are also so thankful for the good group of helpers that the Lord has blessed our church with.
