Good day to all,

Health: Ms. Cheryl has not had another MRI yet; we hope to get it done this week. Some misunderstood me to believe she had blood on the brain. She has fluids due to a lack of blood flow to the brain. Ruslan is still the same. He says he sees his anger and is working on it. So far, we have not seen a change. My mother is doing better, but still not good.

I can see how God is moving in our services, but I cannot see His children moving. Had a good conversation with some of our young men tonight. I pray that God is working in their hearts.

The 16-30 of August we will be in Uzbekistan. I have reached out to as many as I can and asked them to invite others. I see our enemy fighting against this trip already. I have been trying to get tickets for two days now. The airport code for Bishkek was changed from FRU to BZS and I could not get any ticket company to get me tickets from Bishkek to Tashkent. Today I was able to get tickets. Our enemy is very busy. The step-up program is being hindered as well. I have not been able to get into the orphanages to speak with those leaving homes. As we dug into it, we found out that the SMB has been going into the orphanages searching for any that are "religious". That has made directors afraid of me. It will be fine, we know who will win. We must be faithful and steadfast in our service to our Lord. One day at a time.

I also ask everyone to look again on your websites and if you have our information out there, please remove it. With the latest activity of the SMB, I really don't need them to find my name and information out there.

Thank you for all your prayers. I am praying for a fantastic, Christ honoring, report from Uzbekistan.

Looking up,

Allen
