Carl Hewlett

Dear Brethren,

For those of you who have not received reports from Missionary Carlos Flores for quite some time now, here is a recent translated report from his area of service in Guanacaste, Costa Rica.

Bro. Carl, GPA
Luke 19:10

Missionary Carlos Flores Report

Guanacaste, Costa Rica, October 30, 2025

Dear Brethren,

It is a joy and pleasure to greet you, brothers and sisters!

The following is a summary of our ministry in Guanacaste:

By God's marvelous grace, we are faithfully serving the Lord.

Our ministry of church activity involves the following events:

- We emphasize the need to pray for one another, not only in church but also through prayer meetings in the homes.
- We prioritize the sharing of the gospel with others.
- We regularly visit the brethren in their homes to pray with them and encourage them to be faithful in their walk with the Lord.
- We visit those who are ill, both in their homes and in the hospital in order to comfort them in their afflictions and to encourage them in the Lord and his word.
- We have regular Sunday School and church services for the edification of God's people and special instruction for different age groups.
- We have Wednesday night services of prayer and Bible study, emphasizing the priorities of prayer and the study of God's word.
- We have Friday visitation to get the gospel out to our surrounding areas and also to visit the new believers and recent attendees to our church.
- We use Saturdays for work details and maintenance of the church facility and grounds.
- We have Children's Clubs to reach the younger ones in the poor districts with the gospel, which also helps in getting the gospel to their parents.
- We have special in-home services once a month to help those that are shut in and are unable to faithfully attend our services at church.

Please keep us in your prayers, for our family and for the work God has called us to in this poor and needy area of Guanacaste, Costa Rica. Thank you so much for your prayers and faithful support to our ministry.

Carlos Flores Family
